*Exhibitor information plays a key role in the portal's usefulness and appeal. So be a part of it — become an active member of the global **REHACARE community!** The more contributions our portal receives, the more attractive it is.*

Since its founding, REHACARE has grown into the world's largest trade fair in the fields of rehabilitation, prevention inclusion and care. In this age of e-business, however, a four-day event is no longer enough to keep supply in touch with demand. In years past, although it had interesting news and features for customers all year round, REHACARE came and went in just a short time. We've arrived at the ideal solution for our exhibitors!

From now on, your stand is open 365 days a year, 24 hours a day all over the globe: announcing the **Internet Portal www.REHACARE.com**. Users, suppliers and other interested parties from the medical community can meet up whenever they like, thanks to the REHACARE.de Portal.

REHACARE's website recorded 1,98 million page impressions with over 400,000 page visits from 290,000 unique users in 2016. Proof positive of Internet users' need for enhanced information (around 6,600 newsletter subscribers), as well as of the portal's exemplary status.

All companies participating in REHACARE 2017 will be charged a **media fee of EURO 130** to cover this **extra service for exhibitors and their customers**. The fee includes the use of all REHACARE.de portal services and the KATI visitor information system for around one year. And ensures to present your corporate information in the online media by means of efficient search engine optimization, by Google adword campaigns or online banner.

Simply log on to place your corporate information online. Take advantage of this additional information, communications and advertising platform. High online visibility has a positive effect on **contacts, customer service and business**.

REHACARE.com is based on several pillars:

- **Companies & Products** – professional, easy-to-navigate expert **database** for visitors and exhibitors. Showrooms allow companies to make multimedia corporate presentations highlighting their product innovations. All company particulars such as telephone/ fax numbers, an internet link to your home page, key corporate data and profiles, detailed product information, a schedule of your special stand events and matchmaking function can easily be found using special search terms. Exhibitors can enter and change information on their own.
- **Up-to-date** – the international, year-round news forum covering all the latest on companies and their product developments. To ensure you're always in the know, we offer you updates on international news and background reports as well as articles and trends in politics and health care or international markets. Your corporate news will be presented in the weekly REHACARE newsletter.
- **MediaCenter** – videoclips of interviews, background reports as well as image galleries from the REHACARE editors. And videos about exhibitors and their innovative products.
- **Good to Know** – hints on forums, guides and external events with background information, hints and links for the special interest areas, e.g. kids, women, recreation & leisure, forums & discussions, aid & devices, organizations, politics & legal regulations, educational training & labour, external events or sports.
- **Trade Fair & Congress** – Everything you need to know on the REHACARE event, including service offers for exhibitors, visitors and the media, available online and in interactive form. We also offer details on the REHACARE Congress, forums, theme areas and special shows.
