Düsseldorf

# Benefit from the potential of the largest trade fair for self-determined living!

## REHACARE 2022

### Use the direct exchange as a start-up

Be there when experts, companies and consumers meet in Düsseldorf at the world's largest and most important event for rehabilitation and care.

REHACARE 2022 presents practically the entire range of aids and services required for a self-determined life with disabilities, care needs or chronic illnesses – from simple products to complex systems.

What potential do your new ideas and approaches offer – digital and analogue – for all those involved in the industry?

This is where start-ups meet experts, companies and other stakeholders. Present your products, exchange ideas and get input for innovative strategies and solutions. Use the REHACARE as a contact exchange with established companies of the sector for possible partnerships and investments.

Join us to present your business idea and design the Start-Up Area with us. This offers a mix of innovative presentations, products and many opportunities to test and demonstrate.

These companies have established themselves on the market by taking part at REHACARE:

- ReWalk Robotics GmbH
- munevo GmbH
- Scewo AG
